

ROBIN RIDGE WINERY

KEREMEOS | BC

3 AN HEAT PUMPS

Three Aermec AN417HA heat pumps are being used to provide comfort, cooling, and heating for the restaurant area and offices as well as refrigeration for the wine storage area and -4°C glycol for the production of ice wine. The system is configured so that the client may use heating, cooling, and refrigeration at the same time or have the system in any combination of heating, cooling, refrigeration, or ice production.
